

# All the Rave Salon & Boutique

At ATR we are always looking for talented, committed, and passionate stylists. It is our goal to create a happy work environment that is conducive to great hair and customer service. ATR strives to maintain a drama free environment. Our stylists are able to perfect their craft and create freely with support from one another. They are interested in the health of the salon as well as themselves. They take great pride in their career and are driven to grow. A stylist should possess and develop personality skills that include patience, kindness, love, support, gratitude, happiness, and positivity.

Stylists from various background and skill levels call ATR their home. We work daily as a team to grow and support each other. Each stylist takes the initiative to learn from their peers. A stylist works hard to support their coworkers as well as the salon. They are passionate about their job and execute it with great discipline to provide consistent results to their guests. They treat the salon as their own and take great pride in the cleanliness and appearance of the salon. Each stylist lives a morally clean and honest life and realizes that their conduct outside of work is just as important as their conduct inside the business. A stylist in ATR has good work ethic and is willing to go beyond the normal to provide their guests, coworkers, and business with the best they can give. A determined stylist is willing to stay late for that extra walk-in guest. They set personal and professional goals and have a timeline of how to accomplish them.

ATR appreciates stylists who are reliable, on time, multitaskers, great customer service providers, team players, trouble shooters, problem solvers, helpers, kind, considerate of others, have exceptional personal appearance, self-motivated, clean, hard working, flexible, and willing to accept direction. They have good phone etiquette, are able to rebook and retain guests, and market themselves. They show stability in their home life and are responsible. Stylists have a positive reputation within the community and salon.

ATR is closed on all major holidays and every Sunday. A new stylist is invited to work in the salon on a trial basis and will be reviewed after first 3 months.

If you are interested in working at ATR, please send a resume and contact information to [allthehair@gmail.com](mailto:allthehair@gmail.com) with a subject line: STYLIST POSITION.
